

LUGS

Lugs are used as fixing devices for stays. The metal lugs are used with the 8mm and the 10mm stay brackets for the wall top brackets. They can be bent to fit onto the side or the top of a wall or onto a bracket.

Features:

- Fits a 8mm and 10mm stay
- Pre-drilled hole for easy mounting

Specifications:

Finish	Aluminium Heavy Duty Standard
Size	6 x 35mm for 8mm stay 6 x 70mm for 10mm stay
