

Module Dimension(mm)      1095\*670\*35  
 Weight (KG)                      7.6  
 No. of cells and connections      33(3\*12)  
 Pm(W):                              140  
 Vmp(V):                             20.4  
 Imp(A):                              6.87  
 Voc(V):                             24.3  
 Isc(A):                                7.31

Filename	140W solar panel
